PROFESSIONAL SUMMARY

React Developer with 2.5 years of experience building scalable, high-performance web applications using React.js, Next.js, and Redux Toolkit. Experienced in developing real-time dashboards, integrating REST APIs and WebSockets, and optimizing frontend performance. Strong understanding of modern JavaScript (ES6+), component-based architecture, and responsive web design. Focused on writing clean, maintainable code and delivering user-centric solutions.

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Material UI, Shadcn UI
State Management: Redux Toolkit, Context API
Backend: Node.js, Express.js
APIs and Communication: REST APIs, WebSockets, GraphQL
Tools & Platforms: Git, Docker, Postman, NPM, Vite
Data Visualization: Highcharts, Chart.js
Design: Figma

PROFESSIONAL EXPERIENCE

Software Developer

Nisko Pinnacle Telematics Pvt Ltd, Coimbatore, Tamil Nadu **July 2023 – Dec 2025**

- Developed and deployed interactive real-time dashboards using React.js and WebSockets to monitor 500+ IoT devices.
- Integrated REST APIs and WebSockets to handle high-volume, low-latency device data with improved synchronization accuracy.
- Implemented Redux Toolkit for scalable and centralized state management across complex UI modules.
- Optimized frontend performance using Vite, improving load time and application responsiveness.
- Built reusable and modular components following best practices in component-based architecture.
- Collaborated with backend and QA teams in an Agile development environment to deliver features and resolve production issues.

PERSONAL PROJECTS

1. **React Calculator App |** LINK
   - Built a responsive calculator using React and JavaScript.
   - Applied arithmetic operations with real-time updates using React Hooks.
2. **React Tasks App |** LINK
   - Developed a task management application using React, Redux Toolkit, and Material UI.
   - Executed full CRUD functionality with centralized state management.
3. **Personal Portfolio |** LINK
   - Built a fully responsive portfolio using Next.js, TypeScript, Tailwind CSS, and Framer Motion.
   - Integrated Cloudinary for media optimization and implemented email contact functionality.
   - Improved performance using server-side rendering and optimization techniques.

EDUCATION

Master of Computer Applications **CGPA: 7.5 / 10**
Alagappa University, Tamil Nadu **Graduated: May 2025**

Bachelor of Computer Science **CGPA: 7.5 / 10**
Bharathidasan University, Tamil Nadu **Graduated: May 2023**
